

Challenges in Analysis of Complex Natural Mixtures

Faraday Discussion

13–15 May 2019
Edinburgh, UK

rsc.li/mixtures-fd2019

Themes

Dealing with Complexity

High-resolution Techniques

Data Mining and Visualisation

Future Challenges and New Approaches

Speakers

Philippe Schmitt-Kopplin (Introductory Lecture)

Helmholtz Zentrum München/Technical University Munich

Chris Reddy (Closing Lecture)

Woods Hole
Oceanographic Institution

Lutgarde Buydens

Radboud University

Marc-André Delsuc

Université de Strasbourg

Ljiljana Paša-Tolić

Pacific Northwest National Laboratory

Ryan P. Rodgers

Future Fuels Institute

Peter J. Schoenmakers

Universiteit van Amsterdam

André J. Simpson

University of Toronto

Dan Stærk

University of Copenhagen

Johan Trygg

Umeå University

Key deadlines

Oral abstract submission

27 July 2018

Poster abstract submission

4 March 2019

Early bird registration

25 March 2019

Standard registration

15 April 2019
